**Summary of reasons  
for classification:**

The computer image file *etnymph18112001dl12[1].jpg* is classified as:  
Objectionable.

The image is objectionable under s3(3)(b) of the Films, Videos, and Publications Classification Act (FVPC Act). The image file consists of a photograph of a naked pre-pubescent girl standing in front of a white sheet. The dominant effect is of a girl having her innocence exploited by someone with a camera. While within its walls it does not depict obvious sexual conduct or a sexualised pose, it has a likely sexual purpose and therefore exploits the nudity of the child to a high degree in a manner that is likely to be injurious to the public good.

The Classification Office has considered the effects of the New Zealand Bill of Rights Act 1990 on the application of the classification criteria. The classification interferes with the freedom of expression, but this is an outcome that is consistent with Parliament's intention and reflects the concern of "a free and democratic society" to protect children from exploitation.
